NEREA

Job Description

Nerea Belgium S.P.R.L. is searching for a Networking system engineer to join its team in Brussels.

NEREA delivers solutions in the areas of ICT outsourcing and Customer Relationship Management (CRM). Client's needs are at the center of the company's customer service philosophy, which is based on 3 key principles: transparency (detailed service monitoring), an in-house project methodology which is integrated into the client's infrastructure and a personalized approach for every mission. NEREA's consultants apply the same quality management whatever the client's organization size.

NEREA delivers high value-added IT services covering the whole value chain: besides its own competencies in IT Consulting, CRM and project management, the company is surrounded by a strong recognised partners network: Microsoft, Frontrange, Belgacom, Starsysco, Sinople, etc. NEREA is Microsoft Gold Certified Partner.

This position requires working 85% on Nerea's office in Brussels, there is possibilities to intervene on with Nerea consultant to customer's site.

Requirements:

- Knowledges in Microsoft Solutions: Windows Server (2003, 2008, 2012), Small business server (2007, 2011), MS Exchange, Windows 7 and 8.
- Familiar with network appliance configurations (switches, routing, Firewall, Wireless): Netgear, Cisco, etc.
- French and English languages are compulsory
- Very good communication skills
- Knowledge in SharePoint and CRM are considered as an asset

We offer:

- o *Opportunities to quickly increase your technical competency base.*
- o *Integrate a young and dynamic team.*
- o *Will be followed and managed by an experienced consultant.*

Period:

- - *September to December 2013*
- - *January to july 2014*

If this opportunity is the challenge you are looking for, please forward your application (letter and curriculum vitae), with the reference to H.R. department: hr@nerea.com
