<b>AIMS &amp; OBJECTIVES OF WORK PLACEMENT</b>
Offer an opportunity to a student that wants to create/design an electronic filing data system. Get to experience organizing students' placements in the different restaurants and hotels around the world, from the initial stage of application to setting up interviews.

<b>MAIN TASKS TO BE COVERED BY THE TRAINEE</b>
We are looking for a student placement to assist us with building a database of hotels and restaurants, both locally and internationally; re-organise the history of previous international placements; assist with coordination of international internships both in Europe and outside Europe; assist students with general questions with regards to their internship; assist with the application process of international internship; assist with the coordination of hotel executives visits to campus; coordinate the interview process and other tasks as needed by the internship office.

<b>EXPECTED RESULTS</b>
By end of placement, we would need that all data that is available in office will be all digitalized.
